Equality, diversity and inclusion statement

At Street & District Allotments Association (S&DAA), we are committed to fostering a welcoming, inclusive and respectful environment for all. We believe that diversity strengthens our community and that everyone, regardless of background or identity, should have equal opportunity to enjoy the many benefits of allotment gardening.

We welcome individuals of all ages, races, ethnicities, nationalities, genders, gender identities, sexual orientations, abilities, religious or non-religious beliefs and socio-economic backgrounds. We actively oppose discrimination, harassment and marginalisation in any form.

Our association values and promotes:

- Equality of access and opportunity
- Respect and dignity for all
- Representation and participation from diverse voices
- Accessible spaces and inclusive practices
- Cultural awareness and mutual understanding

We are committed to ensuring that our allotment sites are safe, inclusive, and supportive places where everyone can grow, learn, connect and thrive. We continuously work to remove barriers and challenge inequality and we invite all members and prospective plot holders to join us in cultivating a truly inclusive community.

Everyone is welcome. Your identity, your story and your presence enrich our community.
